08/2013 - 05/2014   *Ananthapur (AndhraPradesh)*

INTERNSHIPS/PROJECTS

My Portfolio (11/2023 - 11/2023)
- Vite, JSX, React Js, Tailwind and get form server.
- It is a Personal web portfolio. It looks simple, and attractive, with a decent web design, Responsive
- Git-repo: manasag0/manasasportfolio (github.com)
- Live-link: Manasa's (manasasporfolio.netlify.app)

Notes (12/2023 - Present)
- React Js, Node Js, Express Js, MongoDB, Redux, Tailwind (MERN-Stack)
- It is a Personal Web Notebook to take notes with an order. Useful for users who create their own content with title, content.
- Git-repo: manasag0/Notes (github.com).
- LIve-link: Note here (notesholder.netlify.app)

Hold Breathe (11/2023 - 11/2023)
- HTML, CSS , JavaScript, DOM Manipulation.
- It is a small project simple one but most satisfying. Very useful app for breathing exercises.
- git-repo: manasag0/BreatheRelax (github.com)
- live-link: https://breathenrelax.netlify.app/
